*"Painted electrical face plates
in finest detail, very attentive
and easy to have in our condo.
Highly recommend"*

We use high-quality paints and materials to ensure that your decorative painting is both beautiful and durable. plus, our team has the expertise to manage any surface or challenge, making us the premier choice for even the most complicated decorative painting projects.

“Monica is simply the best! Not only is she incredibly talented, she is also so kind and a joy to work with! Monica created a beautiful vent hood in our kitchen that we absolutely love! We also had some damage to our wood floors and brand new kitchen table during our renovation. We were incredibly stressed about the damage to our brand new space. But Monica was able to completely hide any damage and now we cant even find it. She is truly the best!”

“Let us bring some creative flair to your walls, as a team of experienced artists with a passion for creating unique walls

that not only look stunning but also reflect the homeowner's personality and style.

From murals to stenciling, texturizing, wood graining and more, Pintarte works with each client to make sure their vision comes to life. Whether you are looking to refresh a room with a new coat of paint or create a show-stopping feature wall, Pintarte has the skills and expertise to transform your space into something truly special.”

“Monica is a talented painter. She faux painted my kitchen island cabinets and wood beams on the ceiling. Everything looks great and I would definitely use her again!”

But Monica was able to completely hide any damage and now we cant even find it. She is truly the best!”

Marmorino Palladino

is an excellent choice for those who seek a decorative material that is stylish, eco-friendly, durable and easy to maintain.

Metallic

textures are popular choices for those who want to add a bit of luxury and sophistication to their homes. Its shimmery metallic finishes make it a stylish and elegant choice for anyone looking to enhance their surroundings.

Calce Petra

finish is a traditional Italian wall finish that uses natural lime-based plaster and finely-ground marble powders to create a smooth, textured finish. This finish is ideal for creating a rustic, natural look on interior and exterior walls and gives a timeless, elegant look. The finish is durable and provides a natural resistance to moisture and mildew. It can be used in any room of the house or office and is also popularly used in high-traffic areas such as main entrances, corridors, and lobbies.

With over 25 years of experience in the decorative painting industry, **Monica Pineda** has established herself as an experienced **artisan in faux finishes.**

Her unparalleled attention to detail and unwavering commitment to quality has earned her a reputation as the artist that others call to do the most detailed and challenging jobs.

Monica's journey in the art world began as a young child, where she developed a passion for painting and creativity. After receiving a degree in production and photography, Monica decided to specialize in **faux finishes and decorative painting.**
